

Wichita Animal Control Advisory Board Agenda for March 2 , 2016

Call to order -Chair

Approval of minutes from last month-Board

Board discussion and vote to determine best option to consider:

1. Do nothing regarding the current spay-neuter policy or efforts to reduce the pet population .This would close this topic and board will move to next priority.
2. Continue to research the pros, cons and practicality of a mandatory policy. The discussion will continue to consider how the city would go forward with this and what additional resources would be needed.
3. Consider other options which will encourage voluntary spay-neuter . This will lead the board to consider types of public education or partnerships that will help to achieve the goals of : fewer pets who must be euthanized, fewer strays and running at large, possibly fewer bites.

Discuss strategies for going forward with either option 1, 2 or 3

Public comment –limited to 2 minutes per speaker
